Tribute to a Patriot

DAVID N. HALEY
Photo by Mr. George Hall

Great Americans need not necessarily achieve national prominence. By every definition, David N. Haley was a citizen of unusual dimension. The United States draws all of its strength from its towns and cities, the grass roots of the country. Should the quality of responsibility on this level decline, the effect nationwide would be disastrous. Therefore, local government is our most vital pulse. Those men who enter public service in town government maintain the foundation upon which the nation rests.

Everyone knows that, if you want to get a difficult job accomplished, you will do well to ask the busiest man to take it on. There are certain individuals who have the ability to expend unusual effort and inspire it in others. It's a trait called leadership. In his three terms as Selectman, "Bud" Haley demonstrated a leadership the effect of which will be felt for many years ahead. At the same time that he was serving as Chief Engineer of Revere Copper and Brass and managing a division of that company, "Bud" was a continuous strong force in Mattapoisett's government. Those close to town government can tell you of the complexity and demands of this office today. This public service was "Bud's" basic conservative idealism at work in the most practical way. There is a point of view that maintains that public tax money in massive spending will solve all problems. This liberal philosophy threatens to bankrupt the United States citizen. In 180 degree contrast, David N. Haley spent himself. Believing in the power of the individual and in individual responsibility he harnessed his own constructive energy to our government and lent Mattapoisett the benefit of his intellect, education, training, experience and philosophy. Until a heart attack this past summer forced him to step out of office, "Bud" represented this town with strength and ability. His terms as Selectman were progressive in a period of rapid growth amid a multitude of problems caused by Federal and State interference and overriding of local government.

As I think of "Bud" and I often will, the late, great Walter Hagen comes to mind. Walter Hagen was a stylish dresser, a bon vivant, a warm personality and, above all, a great champion golfer. Hagen said, "Always play to win but don't forget to stop along the way to smell the daisies". David Haley was a winner but, more than that, he was a colorful, warm, engaging man of many interests. He was a good companion, an artist in gunstock carving, a lover of classical music and a man with a deep sense of history. Above all, he was a patriot of passionate conviction.

David N. "Bud" Haley was a distinguished selectman of one small town. Among his

Memorial Day Race

The 1973 racing season for sailboats got off to a fine start in Mattapoisett on Sunday, May 27th, with two divisions competing in the popular Memorial Day Race. It was the eighth annual event, co-sponsored by the Mattapoisett Yacht Club and the Mattapoisett Boatyard, the latter providing the trophies.

It was an all Handicap sail, with boats grouped into two divisions: yachts over 26 feet and yachts under 26 feet. Fred Klein and Dick Macomber were the victors.

Following a succession of storm days, May 27th dawned cloudy, but gradually became warm and sunny with light SE winds picking up to about 12 miles as the afternoon wore on.

Both divisions started together, following the same 8.4 mile course to Nyes Ledge Black Bell 9A, to Barstow Rock Red Nun 6, back to Nyes Ledge Black Bell 9A and returning to Ned's Point.

On the first leg, all indications pointed to

Auto loan sail

Your next car might come equipped with a boat.

Buy that newer car now, and we'll give you a shot at one of four "Sea Swinger" sailboats. These sleek little craft are easy to carry, almost maintenance free, and lots of fun to sail.

To be eligible to win one, simply come to either our Middleboro or Mattapoisett office between May 1 and July 27 and get yourself a car loan. Then just sit back and relax until June 30th, the date of our first drawing.

If your name isn't drawn the first time, don't give up the ship. You're still eligible for a second drawing on July 31st.

But no matter how it goes, you're a winner either way. Because with a Plymouth-Home National car loan you get "same day" service, free life insurance, and low rates. And if you charge your payments against a Plymouth-Home checking account, you get even lower rates.

So don't put it off any longer. Sail into Spring with a newer car—and maybe even a boat—with a car loan from Plymouth-Home National.

DOG TICK CONTROL PROGRAM

Rochester's Town Clerk, Evelyn Aiken, received a letter from the Cooperative Extension Service urging all dog owners to remove the ticks from their dogs in an effort to reduce the tick population of this area. If 90% or more of the ticks are removed from April through August the tick population will be reduced to a point below pest level. Daily inspection of your dog will result in the removal of the ticks before they attach themselves. Confining the dogs during May and June which is the peak of the tick season, will help to keep them relatively free. The American Dog Tick is a carrier of Rocky Mountain Fever. Be sure to wash your hands thoroughly after removing the ticks, place the ticks in motor oil or kerosene.

The Town Clerk also advises that May 31st was the deadline to license your dog; after this date all unlicensed dogs, that is, the owner's name, will be turned over to the Dog Officer.

NAVY ANNOUNCES NEW PETTY OFFICER PROGRAM

The U. S. Navy has opened more than 55 different rating specialties in its Petty Officer ranks to civilian men and women who already have certain skills and education.

This means that those who qualify can enlist directly as Petty Officers.

The new Direct Procurement Petty Officer (DPPO) program is aimed at those man and women between the ages of 21-32 who have civilian acquired educational and/or work experience equal to the respective rates.

Normally, a new Navy recruit enlists as an E-1 (Seaman Recruit) with a pay of $307.20 /mo., and, after four months of service, is automatically promoted to E-2 (Seaman Apprentice) with a pay of $342.30/mo. Under the DPPO program, those qualified can enlist at pay grades E-4 (Petty Officer Third Class) up to E-7 (Chief Petty Officer) depending on the amount of experience/education. In all grades, housing, food, health care and other Navy benefits and allowances are provided.

The program is not open to ex-military men and women who acquired their skills through training while in the service. However, those with prior military service who have obtained other skills and experience while in civilian life will be considered.

JAYCEES' SUMMER SWING

"Summer Swing" is the name of a Concert-Dance sponsored by the New Bedford Jaycees to be held Friday, June 15th, at 8 P.M. at Lincoln Park Ballroom.

The "Young Rhode Islanders", direct from an appearance on the "Merv Griffin Show", will perform. The popular group, well known locally, is comprised of more than 20 pieces with singers and dancers. A favorite with all age groups, the "Young Rhode Islanders" have appeared at the Washington, D.C. Cherry Blossom Ball and have performed in Rhode Island and Massachusetts.

Proceeds from the "Summer Swing" will be used by the Jaycees to continue their charitable projects. Such programs as Special Olympics for Retarded Children, Scholarship Pageants, and Coffee Day for Tourists will be continued with the help of the proceeds. The Jaycees also provide leadership training for young men of the community.

Tickets for the event will be available on June 15 at the door. Other ticket locations are: New Bedford - Gendrons Shoes, North End; Credit Thrift, Center;
